WORK EXPERIENCE

OWNER/PHOTOGRAPHER/VIDEOGRAPHER

Cory Rokes Media LLC. | West Bend, WI | 2024 - Present

Personally owned LLC. for use in capturing any and all styles of photography and videography. <https://www.coryrokesmedia.com>

VIDEOGRAPHER

First Station Media LLC. | Milwaukee, WI | 2024 - Present

I assist our clients with all media based activities including capturing media on both a mirrorless camera and drone, photographing subjects, and handling all the post-production editing work to deliver a professional-grade content to be used in their marketing efforts.

PHOTOGRAPHER

Network Photography | Jackson, WI | 2024 - Present

Working part-time as a school Photographer, traveling to Wisconsin-based elementary, middle, and high schools to capture stills of students and faculty. The purpose of which are for yearbook and identification card uses. I actively set up and tear down a full studio including camera, lights, and back drop and properly pose subjects according to Network guidelines.

MARKETING VIDEOGRAPHER

Delkor Systems | Minneapolis, MN | 2022 - 2024

For Delkor Systems, I generated video and photo based content for multiple marketing avenues. I schedule weekly shoots, prepare shot list, capture footage using multi-camera set-ups, handle post-production including voice-overs, and exporting final product. I also coordinate various live-streams of factory tests. Capture one-on-one interviews. And travel to other factory's for on-location video shoots.

FLEET LOGISTICS SUPERVISOR

Enterprise Rent-A-Car | Washington D.C. Metro Area | 2012 - 2019

After successful completion of the Management Trainee program, was promoted to this corporate level position. Primary responsibilities included (but not limited to): forecasting business trends to grow a rental fleet of 7,700 units to over 8,100 spread over 35 rental branches. Maintained an average of 92% customer-in-car occupancy by logistically coordinating fleet moves using a team of 110 employees, all of which were under my supervision. Reduced vehicles down time by two days using strategic initiatives, therefore increasing turnaround time and profits.
